

# Speakers

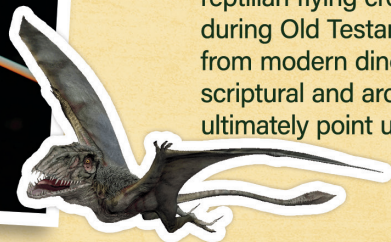

**"Dino" Dave Woetzel**

Dino Dave has a passion for researching the evidence of dinosaurs living with man. He is a published author, creation science speaker, and educator. Dave has a Master's degree in biology and serves as President of **Genesis Park**, where it is his goal to reclaim the dinosaurs to the glory of our awesome Creator. Dave lives in Concord, NH.

**Paul Veit**

Paul is the founder and director of **Declare God's Wonders**, a creation apologetics ministry. He also runs **The Dinosaur Encounter**, a creation learning center in Bridgeton, ME. He has a Master of Divinity in Christian education. Paul has personally conducted over 1,600 creation-related outreach events. He loves studying fossils and sharing the wonders of God's work.

# Topics

## **Giants!** with Dino Dave

The Bible has a lot to say about giants, both in the pre-Flood world and after. Who were these monster-sized people? We will review the archaeological and paleontological evidence for giantism and see how the facts confirm the authority of God's Word.

## **The Truth About Aliens** with Paul Veit

Seventy-five percent of young adults believe in real aliens on other planets. Evolutionists are now teaching that aliens seeded the first life on Earth. We live in an alien-obsessed culture and need to be prepared to give biblically based answers to the question of extra-terrestrial life.

## **The Early Earth: Eden or Ape-men?** with Dino Dave

Evolutionists prominently present ape/human transitional forms in textbooks and exhibits. How do we address these fossils as creationists? What were conditions like on our primeval planet? Is there actual evidence for a Garden of Eden?

## **Dinosaurs & Fossils** with Paul Veit

This presentation highlights God's incredible design of the dinosaurs. We will discuss the dino bird evolution debate and give evidence that the fossils were formed quickly and catastrophically (including dinosaur soft tissue, fossil graveyards, and the Grand Canyon).

## **The Fiery Flying Serpent** with Dino Dave

The prophet Isaiah points to a curious animal, a reptilian flying creature. What is this animal, known during Old Testament times? We'll see how insights from modern dinosaur-hunting expeditions tie into scriptural and archaeological evidence and ultimately point us to the Gospel.

# Prices

Conference pricing includes the five apologetics sessions, numerous family camp activities, door prizes, and five meals (Friday dinner, three on Saturday and Sunday breakfast). Different accommodation options are available:
